FOR IMMEDIATE RELEASE

(Press Release) Nov. 5, 2009 – USA - Forensic Professionals Group USA, Inc. "FPG-USA" the only company in America to offer online automated forensic loan audits featuring their patent pending systems to provide those fighting foreclosure with immediate results, today announced the launch of its new website interface (<http://www.fpg-usa.com>).

With insight and experience gathered from over 30 years across mortgage backed securities, real estate and mortgage lending industries, FPG-USA offers the most powerful forensic loan analysis and discovery services used in court to win against foreclosure and with lenders in settlement and loan modification negotiations.

2,777 new families enter foreclosure ever day (250,000 per month) and one child in every classroom in America is at risk of losing his/her home because their parents are unable to pay their mortgage (based on information from the Mortgage Bankers Association and NeighborWorks America). Credible forensic loan compliance analysis and discovery experts are one of the most important resource in America today. More than 6 of 10 homeowners wish they understood the terms and details of their mortgage better and are not aware of services to those having trouble with their mortgage. (Freddie Mac/Roper poll of 2,031 U.S. homeowners, conducted 2005).

Uncover the secrets and tools that instantly put you in the driver's seat. FPG-USA offers the services attorneys, loan modification professionals, borrowers and experts use to legally fight foreclosure and win. This is a life raft for anyone fighting foreclosure in court or trying to settle a loan modification negotiation with a lender who is less than cooperative. The website has extensive resources the legal and loan modification professionals can use to stop predatory lenders in their tracks.

In addition, the qualifying expert of FPG-USA, Richard Kahn, has an upcoming book scheduled for release in December 2009 on Amazon.com and as a free Kindle Book. This much anticipated book promises to teach readers what the professionals know, the banks and lobbied politicians don't want you to know and media is not telling you. The reward will enable you to win against foreclosure with relative ease and empower you to bring foreclosing lenders to their knees using Congressionally legislated protections that were set into place during and post Great Depression Era for just that purpose.

Attorneys in particular will benefit by learning to wield these weapons in court and loan modification professionals in settlement. Discover instant resources online including a free coverage qualifier. Shift the burden of proof to the lender. Capture huge financial credits against your lender. Claims to walk away free from mortgages are bogus. To win against foreclosure means offsetting financial claims and forcing lenders to modify loans under excellent terms.

FPG-USA is committed to offering the highest unsurpassed level of excellence at a fraction of the cost of competing manual services. Enjoy easy online access and immediate results. Visit www.fpg-usa.com today!
